EXPERIENCE

Madeline's Bread and Bakery, Seattle — Bakery Assistant

January 2016 - March 2016

Helped in the kitchen with dishes, measuring ingredients for cakes, cooking customer's orders, made drinks with espresso machine, and brought orders out to customers

LeShop Fashion, Los Angeles — Retail Advertising & Social Media Marketing

July 2016 - September 2016

Helped LeShop market their branding to prepare to enter the retail market. Used Hootsuite to manage their Instagram, Pinterest, and Facebook. Wrote code snippets for their website. Also posted items to sell on Etsy.

Kappa Kappa Psi, Seattle — Historian

September 2016 - June 2017

Took pictures and shared important historical facts

UW District Market, Seattle — Kitchen Assistant

January 2017 - March 2017

Helped in the kitchen and deli area by doing dishes and serving food to students

Kappa Kappa Psi, Seattle — Webmaster

September 2017 - June 2018

Manages the website and Github as well as any coding projects

EDUCATION

University of Washington, Seattle — Bachelors of Science

September 2015 - Present

Intended Informatics Major with a Music minor. Member of the Husky Marching Band

PROJECTS

Evolution of Music — R

I used R to write a Shiny App that utilizes the Spotify and Billboard APIs to track changes in music from 1980 to the present.

Bored — React.JS, HTML, CSS, JS

Used the Google Maps and the Ticketmaster APIs to generate nearby events for any given location.

Android Developer — Git, Unix, Github

I was the device maintainer for an International Android ROM development group. Through this project, I learned how to use Git and Github, as well as Gerrit to manage code and work as a group.

SKILLS

Proficient in: Java, HTML/CSS, Unix, Git, Photoshop

Knowledgeable in: React.JS, Node.JS, Javascript, R

Courses

Client Side Web Development - Info 343

Computer Programming 1 - CSE 142

Computer Programming 2 - CSE 143

Data Structures and Algorithms - CSE 373

Intellectual Foundations of Informatics - Info 200

Technical Foundations of Informatics - Info 201

Mobile Development: iOS - Info 449 (in progress)

Algorithms and Computational Complexity - CSE 417 (in progress)
